**SINGLE MONITOR / ALL-IN-ONE  
WORKSTATION**  
WF-CSX-AH

**Height Adjustment Range:** 898-1198mm (35-47in)  
**Weight Capacity:** 10kgs (22lbs)  
**Lift Mechanism:** Gas spring push button actuation  
**Work Surface:** Antimicrobial work surface on all composite and powder coated materials  
**Tech Bay:** Key lock computer security with universal key. Optional key codes available  
**Casters:** 127mm (5in) – 3 locking, 1 directional/ tracking caster for ease of mobility  
**Mounting Options:** Single Monitor, Secure (no drift) positioning with Tilt/Swivel VESA 75/100 mount, or Tablet mount  
**Main Material:** Aluminum alloy/Stainless steel/ ABS(VO)  
**Cart Weight:** 29.9kgs (66lbs)  
**Cart Footprint:** 538mm x 574mm (21.19in x 22.58in)

**LAPTOP WORKSTATION**  
WF-CLX-AH

**Height Adjustment Range:** 898-1198mm (35-47in)  
**Weight Capacity:** 10kgs (22lbs)  
**Lift Mechanism:** Gas spring push button actuation  
**Work Surface:** Antimicrobial work surface on all composite and powder coated materials  
**Tech Bay:** Key lock computer security with universal key. Optional key codes available  
**Casters:** 127mm (5in) – 3 locking, 1 directional/ tracking caster for ease of mobility  
**Mounting Options:** Laptop with optional security bracket  
**Main Material:** Aluminum alloy/Stainless steel/ ABS(VO)  
**Cart Weight:** 27.7kgs (61lbs)  
**Cart Footprint:** 538mm x 574mm (21.19in x 22.58in)

**DOCUMENTATION WORKSTATION  
ADJUSTABLE HEIGHT**  
WF-RLX-AH

**Height Adjustment Range:** 800-1050mm (31.5-41.5in)  
**Weight Capacity:** 8kgs (17.6lbs)  
**Lift Mechanism:** Gas spring push button actuation  
**Work Surface:** Antimicrobial work surface on all composite and powder coated materials  
**Casters:** 62.5mm (2.5in) – 5 locking  
**Mounting Options:** Laptop with power adapter containment basket, standard; optional laptop security bracket and tablet mount  
**Main Material:** Aluminum alloy/Stainless steel/ ABS(VO)  
**Cart Weight:** 12.7kgs (28lbs)  
**Cart Footprint:** Ø604.5mm (Ø23.8in) maximum

**DOCUMENTATION WORKSTATION  
FIXED HEIGHT**  
WF-RLX-FH

**Height Adjustment Range:** 1000mm (39.5in)  
**Weight Capacity:** 10kgs (22lbs)  
**Work Surface:** Antimicrobial work surface on all composite and powder coated materials  
**Casters:** 62.5mm (2.5in) – 5 locking  
**Mounting Options:** Laptop with power adapter containment basket, standard; optional laptop security bracket and tablet mount  
**Main Material:** Aluminum alloy/Stainless steel/ ABS(VO)  
**Cart Weight:** 9.1kgs (20lbs)  
**Cart Footprint:** Ø 604.5mm (Ø23.8in) maximum

**DEVICE MOUNT ROLL STAND**  
WF-RDM-FH

**Height Adjustment Range:** 1065mm (42in) with rear handle  
**Weight Capacity:** 15kgs (33lbs)  
**Casters:** 62.5mm (2.5in) – 5 locking  
**Mounting Options:** Slide Plate  
**Main Material:** Aluminum alloy/Stainless steel  
**Cart Weight:** 5.4kgs (12lbs)  
**Cart Footprint:** Ø 604.5mm (Ø23.8in) maximum

## Hygienic Roll Stand - Management of Hygiene and Safety Solutions.

Interchangeable dispensing solution for masks, gloves and sanitizer provides mobile access at various entry points throughout your facility.

### HYGIENIC ROLL STAND

**Height Adjustment Range:** 1065mm (42in) with rear handle

**Weight Capacity:** 15kgs (33lbs)

**Casters:** 62.5mm (2.5in) – 5 locking

**Mounting Options:** Slide Plate

**Main Material:** Aluminum alloy/Stainless steel

**Cart Weight:** 5.4kgs (12lbs)

**Cart Footprint:** Ø 604.5mm (Ø23.8in) maximum

### Main Back Board 119-002210-00

- Back board fastens to mounting plate of the workFLO device mount roll stand.
- Holds up to 3 modules. Tabs on modules slide easily into slots on back board.
- Locking plate on rear of the back board keeps module secure while allowing for easy exchange of modules.
- Easily modify messaging as needed using the 9" x 12" clear magnetic document holder.

### Hand Sanitizer Cover 119-002216-00

- "One size fits most" hand sanitizer bottles up to 32 fl oz.
- Fits cylindrical bottles up to 4" diameter.
- Will not work with gallon jug style dispensers.
- Locks into back board in any position (3 per back board max).

### Mask Cassette 119-002219-00

- Holds masks that are bulk packaged (not tissue box style).
- Dispense by grabbing the top most mask in the cassette and pull through window.
- Holds individual masks up to 7.5"L x 4"W.
- Locks into back board, only in the middle position (1 per back board max).

### Mask Box Cover 119-002218-00

- One size fits most" tissue box style mask boxes.
- Fits mask boxes up to 8"L X 4.5"W X 3.5"D.
- Locks into back board in ANY position (3 per back board max).

### Glove Box Cover 119-002217-00

- "One size fits most" qty 100 and qty 200 glove boxes.
- Fits glove boxes up to 9.5"L X 5.5"W X 4"D.
- Locks into back board in ANY position (3 per back board max).

Equipment changes over time and our line of accessories can be added or removed to fit your application needs.
